

Other Specific Directives and Reminders:

1. If you have a fever, cough or difficulty breathing or were exposed to COVID in the past 14 days, or feel sick in anyway, please stay home and do not come to Mass at this time.
2. Everyone MUST bring and wear a face covering (except for when actually receiving Communion) unless they are 5 years old or younger or are prohibited from doing so because of a medical condition or other criteria covered by our Governor's Executive orders.
3. When you enter the church, please move as close to the center of a pew as possible and have only one white pew line marking between you and the next family/individual on either side your you/your family. Please also honor the single reserved seats marked for our Lectors and Commentators.
4. Communicants are to maintain a 6-foot social distance while in the Communion Line. Blue dots are positioned on the carpet to assist with this distancing requirement.
5. Communicants are asked to STOP and remain on the blue dot closest to the Eucharistic Minister while the minister says, "the Body of Christ". The Communicant responds "Amen" and then, lowering their face-covering, steps forward to receive Communion. Once they have received, they return to their pew as they reposition their face-covering.
6. All Eucharistic Ministers will be disinfecting our hands immediately after each and every Communicant who receives on the tongue, even if no physical contact has occurred. We will also be disinfecting our hands immediately if accidental contact is made with a Communicant's hand while giving them Holy Communion in the hand.
7. Each Communicant retains the right to decide how to receive, whether on the tongue or in the hand. If receiving in the hand, the Eucharist must be placed directly in the hand and cannot be place on any type of glove.
8. All parishioners are asked to leave the Church immediately after Mass concludes so the Church may be cleaned by the Seton Sanitizers. Those who wish to offer prayers of thanksgiving after Mass are permitted to do so in the Chapel.
9. Offertory Collection Baskets will not be passed out but will continue to be placed in the Narthex as we would normally do for a special collection.
